

By the Numbers

Up to
640
rated horsepower

Up to
67,000
lbs (30,396 kg) ballast

An additional
50
hp provided by Hydraulic IPM*

*IPM is available on all 9R/9RT/9RX
590 and 640 hp models

9 Series

High Horsepower, Intelligent Precision Ag Equipped Tractors

The John Deere 9 Series offers three machine forms: 9R wheel, 9RT 2-track and 9RX 4-track tractors. The 9 Series has up to 640 rated engine horsepower and 67,000 pounds of ballast to put that power to the ground.

- Power choices to match your operational needs: 9R (390-640 hp), 9RT (490-590 hp) and 9RX (490-640 hp)
- Large footprints from a variety of tire and track options for more power to the ground mean you can pull the largest tillage, planter or seeding tools with ease
- Hydraulic Intelligent Power Management (IPM) unlocks an additional 50 hp in high hydraulic-demanding jobs, such as air seeding, available on all 590 and 640 hp models
- Easy to use, integrated Precision Agriculture Technology increases accuracy and delivers hands-free steering
- Optional: 3-point hitch with up to 20,000 lbs (9,071 kg) capacity and rear PTO

Precision Ag Technology

- AutoTrac™ and AutoTrac Turn Automation deliver hands-free steering and end-of-row turns, decreasing overlap and operator fatigue
- G5^{Plus} display is 35% bigger and the StarFire™ Integrated Receiver has 17% greater accuracy*
- Autonomy Prep (9RT) and Autonomy Ready (9R/9RX) include machine key enablers, to better prepare you to adopt autonomy in the coming years

JD14 Engine

- 13.6 L engine with up to 640 rated hp
- Modular design and increased component durability improve reliability*
- 7% less fuel consumption with the same drawbar pull capabilities*
- Improved lugging power with a quieter engine and faster start times*
- Designed and built by John Deere for agriculture applications

**Compared to previous models, internal testing*

Operator Experience

Automotive-style comfort and controls ensure 9 Series operators are supported and feel good from dusk to dawn (and beyond). Below are a few options that can make your day more effective and easier:

Ultimate Visibility Package

- LED lights with increased lumen output and 360° illumination
- Electric, heated and telescoping mirrors
- Digital cameras (front and rear)
- Rear window tint (option)

Ultimate Comfort and Convenience Package

- Leather seat: Heated and ventilated
- Massage feature and lumbar support
- Adjustable bolsters
- 25° LH / 40° RH swivel
- Refrigerator

Superior Ride Comfort

- Industry-exclusive 9R HydraCushion™ suspension that reduces power hop in the field
- 9RT AirCushion™ suspension
- 9RX 4-point cab suspension

Operational Support

- Monitor your machine and agronomic data on your mobile device anytime anywhere with JDLink™
- Expert Alerts reduce machine downtime
- John Deere Protect™ enables uptime assurance
- PowerGard™ Protection Plan
